My name is Kaytlin Abina, and I am excited for the opportunity to apply for the position at your company. I am a senior at Coalinga High School, and I am about to graduate. Based on my skills, experience, and work ethic, I believe I would be a strong candidate for this opportunity.

Throughout high school, I have developed a variety of useful skills in baking, cooking, nail care, hair, arts and crafts, and ceramics. I also completed Culinary in high school and earned my Food Handler's Certificate and OSHA card. In addition, I took Web Page and Web Page Development, including Web Page 2, which helped me build basic technology and website skills. These kinds of experiences fit the advice that cover letters should highlight relevant strengths and school experiences that connect to the role.

I have also been active in leadership and volunteer work. I participated in Link Crew, where I gave tours to students and helped them around campus, and I volunteered with boys' and girls' wrestling, my school snack bar, and catering events for culinary. These experiences taught me responsibility, teamwork, communication, and how to work well with others, which are all important qualities in a professional setting.

My current goals are to graduate, begin a CNA program, attend West Hills, and later transfer to Fresno State. I am motivated to continue learning and growing, and I would be grateful for the chance to bring my skills and positive attitude to your team. A strong closing should thank the reader and express interest in future opportunities, which fits this letter well.

Thank you for your time and consideration. I look forward to future opportunities and hope to further discuss how I can contribute to your organization.

Respectfully,
Kaytlin Abina
